

## Drylands in a Changing World

Lecture - 5th October, Live Q&A - 12th October

Modern day distribution of deserts and how these change over time through the processes of desertification.

Professor Ian Candy

## Superpower Geopolitics

Lecture - 2nd November, Live Q&A - 9th November

Global systems and global governance, as well as international trade and access to international markets.

Dr Alasdair Pinkerton

# ROYAL HOLLOWAY GEOGRAPHY FOR SCHOOLS LECTURE SERIES

Learn from our experts! In this series, lecturers from the Department of Geography at Royal Holloway University of London are giving short, 20-30 minute lectures on topics that are key to the Geography A-Level curriculum.

Each lecture will broadcast on our Facebook page and YouTube channel at 1700 hrs on the date, and will then be available to view on YouTube afterwards. The week after, join us for a live Q&A session. You can submit your questions beforehand, or during the session, and we will do our best to answer them! Perhaps students can watch the video and then come up with some questions as a class?

## Changing glaciers: mass balance

Lecture - 16th November, Live Q&A - 23rd November

Glacial budgets, accumulation and ablation, and worldwide glacier mass changes.

Dr Bethan Davies

## Changing places

Lecture - 7th December, Live Q&A - 14th December

Changing places, relationships, connections, meaning and representation.

Professor David Gilbert
